

Dear Year 5 Parents and Carers,

**Science – Materials**

As part of Science on Friday 11<sup>th</sup> October, we would like Year 5 pupils to make cupcakes, in order to explore the ingredients used and how, when they mix together, they create various states of matter. We would like the children to eat their cake after they have cooked them. The ingredients will be:

- Eggs
- Flour
- Sugar
- Margarine
- Milk

If your child is intolerant / allergic to any of the foods above please tick the appropriate boxes. If your child can eat all of the foods above then please leave the boxes blank.

Please can you complete and return the consent slip below by **Wednesday 9<sup>th</sup> October** at the latest.

Yours sincerely,

The Year 5 Team

✂-----

**To: Mrs Brown / Mrs Pitter / Mr Roy / Miss Wareham, Year 5 Team**
