

12<sup>th</sup> March 2025

Dear Parents and Carers,

As I'm sure you are aware our Year R celebration 'Space Explorers' is on Friday 21<sup>st</sup> March and we are hoping to open the doors at 2pm. We are very much looking forward to seeing as many of you as can make it.

This half term the children have enjoyed visits from Professor Poppy Whizz, (who has an uncanny resemblance to Mrs Hampson,) exploring scientific challenges, problem solving ideas and completing missions sent from our friendly Alien Mojo. To celebrate this the children would love to share their learning with you. The children will be your guide, leading you around a range of activities to explore in the classrooms and in the garden, ticking them off on your rocket lists.

At around 2:45pm we will be gathering in the garden for some songs to finish in style! Parents will then be asked to wait outside the classroom as normal, while we get the children ready for home.

We are looking forward to a lovely afternoon and hope the weather stays fine for us.

Please complete and return the Google form, link below, to let us know if you or a family member will be attending. Please be assured if you are unable to come we will pair your child up with an adult from the Year R team who will ensure they have lots of fun.
